EXPERIENCE

E - Commerce Website

A Full-Stack Web Development Project

- Built a full-stack e-commerce web application leveraging the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Developed a mobile-responsive, user-friendly interface using React.js and styled it with Bootstrap for optimal visual appeal and usability.
- Designed and implemented efficient database schemas in MongoDB to streamline data storage and retrieval, ensuring smooth application performance.

BachelorsTown

A Fully Responsive Grocery Delivery Website

- Developed a grocery delivery website from scratch using HTML, Tailwind CSS and JavaScript.
- Designed an intuitive and visually appealing user interface to enhance user experience.
- Implemented responsive design techniques to ensure compatibility across various devices and screen sizes.
